ALEXANDRIA PLANS  
BIG VOTE TUESDAYBoth Factions Interested in Contest  
for State Offices.THE HERALD BUREAU,  
R. E. Knight & Son,  
623 King Street.

Alexandria, Va., Oct. 31.—Vigorous  
steps will be taken by the city Demo-  
cratic committee to get out a big  
vote in the election which will be held  
next Tuesday when all of the Demo-  
cratic nominees for State office from  
governor down will have opposition.

This action was decided upon tonight  
at a meeting of the city Democratic  
committee held in the office of How-  
ard W. Smith, Charles Bendheim,  
city chairman, presided. Others pres-  
ent were: R. T. Cook, secretary; Samuel G. Brent, Howard W. Smith,  
Capt. Albert Bryan, Oscar Phillips  
and John N. Lawler.

It was decided by the committee  
to have, at least, two representatives  
at each voting precinct, and in ad-  
dition to have automobiles to bring  
the voters to the polls. The aid of all  
Democrats will be invoked to assist  
in bringing out the vote owing to the  
apparent apathy in the contest. In  
addition to the State officers the  
various Democratic nominees for of-  
fices here will be unopposed. W.  
Albert Smoot, this city, is the Demo-  
cratic nominee for the State legis-  
lature from this city and Alexandria  
County.

Candidates for State office to be  
voted for follow: For governor,  
Westmoreland Davis, T. J. Munoy,  
Frank Smith; for lieutenant governor,  
B. F. Bucknann, Beverly Davis,  
Weldon Crawford, A. Adolph Muller;  
attorney general, John R. Saunders  
and Harry K. Wolcott; State treasurer,  
Charles A. Johnson and J. M. Mc-  
Laughlin; secretary of common-  
wealth, B. O. James and H. S. Reid;  
commissioner of agriculture and im-  
migration, G. H. Hall; and Justice  
B. Bowman; superintendent of pub-  
lic instruction, Harris Hart and J. H.  
Ruebush.

The departure of the twenty-nine  
drafted men from this city at 12:16  
o'clock tomorrow afternoon for Camp  
Lee, Petersburg, Va., will be featured  
by a parade which will start at 11:30  
o'clock from the Royal street entrance  
to the city hall building. Various fra-  
ternal organizations in the city have  
been invited to participate, together  
with the Twelfth Field Artillery Band  
from Camp St. Asaph and a detach-  
ment of artillerymen and Col. McClos-  
key and staff, the American Indian  
Guard, city officials, business men and  
citizens generally.

The celebration of Halloween in this  
city tonight was general among the  
younger set. Hundreds of children in  
grotesque costume paraded King street  
while their elders looked on at the  
demonstration. The merry-makers re-  
mained on the streets until after 1  
o'clock before going to bed. There  
was no disorder. Many of the masquer-  
aders climbed the occasion with  
horns and bells. Halloween parties  
and dances also attracted many. A  
masque band also paraded.

Hundreds of Alexandrians went to  
Washington to be present at the last  
rites incident to the burial of John  
Barleycorn and many to take their last  
drink before Washington entered the  
dry column, as did Alexandria a year  
ago tonight.

This city and Alexandria County  
have been called upon to furnish the  
sum of \$5,000 as its part of Virginia's  
allotment of the \$25,000,000 campaign  
fund in the interest of the extension  
of the Young Men's Christian Associa-  
tion war camp work. Fairfax County  
is supposed to furnish \$2,250. Virginia's  
quota to the fund is \$400,000.

GOOD MORNING  
JUDGE

By RUDOLPH PERKINS.

The Tough War.  
A bunch of girls was walking up  
Good Hope road. They saw a man  
coming behind them.

Soon he caught up with them. He  
was Jim Thompson. He knew one of  
the girls.

He clutched her by the arm.  
"A man is waitin' fo' you" down de  
road," he informed her.

"What man?" asked the girl, becom-  
ing alarmed.

"He is de undertaker," Jim replied.  
"en if you open yo' face I'll shoot yo' nose off."

A big pistol was pressing against  
her ribs.

She fainted. The other girls  
ran. She was in a faint, lay in the  
middle of the road, all in a heap.

Jim only turned up his nose and  
walked on. For a month the cops  
hunted for him. All the time he was  
working at Camp Meade.

They say criminals always come  
back to the scene of their crime. A  
cop nabbed him.

The court says this scaring of  
women must stop. It will for at least  
60 days if Jim don't get hold of \$50.

Sh-h-h! Spleat  
For a long time somebody has been  
monkeying with the signal system at  
one of the army camps.

Pieces of cable and copper wire  
have been disappearing. Cops were  
supplied to be busy. A watch was set.

Josh Adams was nabbed with a  
grip full of war stuff. But he was no  
spy. Just an ordinary electrician who  
was not over particular about his  
right to take the wires.

With him was his helper—a boy.  
The boy proved that he didn't know  
anything about it. He was turned  
loose.

Josh got a lecture from the court.  
He was told of the danger of getting  
shot and all that sort of thing.

And to tell this lecture soak in good,  
the court fined him \$25.

Here's a New One.  
Judge, they arrested me and took  
me to the station house and found  
this man's watch on me, but I swear  
I don't know how it got there," said  
a Charlie Love, charged with "lifting"  
a watch and chain.

"Well, I have heard of watches run-  
ning," said the court, "but I never  
heard of one walking. This man's  
watch certainly didn't walk up and  
get in your pocket."

John Pilkerton was in bed in his  
room. He heard Charlie rustling  
around. He was looking for a match  
he said.

When Charlie was taken to No. 1  
the watch was found in his pocket.  
He pleaded ignorance and innocence.  
And since Charlie was anxious to  
have a watch on him, the court ac-  
commodated him by sending him to  
jail for 30 days. He will be "watch-  
ed" down there.

A Fruit Stand Comedy.  
Two Greeks, Jim Manjournas and  
George Maudis, were buying grapes  
for their stands. They were arguing  
about the price.

"Well," said the dealer to Jim, "if  
you don't want to pay \$1.90 a crate,  
I'll sell 'em to George for \$2."

He walked over to George. George hit  
back. Greek met Greek in a very liv-  
ely tussle. A cop heard the rumpus.  
He investigated.

Jim was arrested. He said George  
had made a Greek sign to him that  
meant something like, "The Mafia."  
Anyhow it meant that he (Jim) was  
to prepare for a long journey.

AUTO ACCIDENT  
INJURES CHILD  
OF REP. WHITEPolice Put Blame on Con-  
gressman for Slight  
Mishap.

Congressman George White, of  
Ohio, and his family figured in auto-  
mobile collision yesterday afternoon.  
One of his children was injured.

The child was only slightly bruised  
about the head. The Congressman's  
machine was badly damaged.

The collision took place at Four-  
teenth and G street northwest. An  
automobile owned and operated by  
W. L. Mantz, of 11 U street north-  
west, had stopped for the traffic at  
the corner of G street. Mantz, while  
stopped was run into by Congress-  
man White's machine, according to  
the police. White's machine was  
operated by Floyd Archie.

Start New Campaign.  
The announcement was made last  
night that the much heralded safety-  
first campaign would start in this city  
on November 1 and will last for two  
weeks.

The committee which will conduct  
the campaign for the Safety First As-  
sociation in the District is as fol-  
lows: A. J. Driscoll, chairman; Will-  
iam F. Peabody, president of the as-  
sociation; W. P. Dement, Selden M.  
Ely, J. Clinto Hilt, G. A. Lyon, W.  
B. Patterson, Mrs. Susie Root  
Rhodes, F. J. Rice, Cuno H. Rudolph,  
Milton D. Smith, C. N. Thompson, Dr.  
L. D. Walter and Frank A. Wood-  
field.

It was also learned last night that  
the Federation of Citizens' Associa-  
tions will, at their next meeting take  
up the question of the present street  
accident crisis in Washington, ac-  
cording to statements made by  
Charles S. Shreve, president of the  
association.

BIG FLOWER SHOW  
WILL OPEN TODAYDepartment of Agriculture Arranges  
Exhibit at Fourteenth and B Streets.

With a collection of chrysanthem-  
ums, the matchless beauty of which  
has never before been seen in Wash-  
ington, the Department of Agriculture  
will this morning open to the public  
the seventeenth annual "mum" show  
held in the greenhouse at Four-  
teenth and B streets northwest.

Anticipating hosts of visitors and  
"war" residents, who have never had  
an opportunity to witness one of the  
unique chrysanthemum exhibitions be-  
fore, officials of the Department, to-  
gether with James Byrnes, superintend-  
ent of the greenhouse, have left no  
stone unturned to make the exhibition  
this season the finest ever held.

Many new blooms will vie with old  
favorites for the favor of flower-lov-  
ing enthusiasts who journey through  
their corridors and it is even consid-  
ered a possibility that some "mum"  
will be found to contain more beauty  
and brilliancy than the Queen Mary  
chrysanthemum, which heretofore has  
been considered, as its name implies,  
the "queen of all mums."

WEST IS LOYAL,  
SAYS SENATOR LEWIS

Never was the West more loyal, so  
Senator James Hamilton Lewis said  
yesterday. Senator Lewis will assure  
the President today that the Western  
states are thoroughly back of him in  
the war. Those who had thought of  
peace now believe that this peace can  
best be gained through victory of  
arms.

"The liberty bond subscription was  
magnificent," said Senator Lewis.  
"The manner in which the West took  
the bonds demonstrated how that  
section feels about the war."

Recently Senator Lewis was quoted  
in a dispatch as saying he was leav-  
ing for Washington because of a  
"government crisis." The words  
were gathered from an expression in  
his speech in which he said that a  
crisis confronted the government.

He said that he was anxious to  
ever since the declaration of war and  
that he was on his way to Washing-  
ton to tell the President that the  
West stood behind him in this crisis.

THE strength of the Pullman  
Car represents one of the  
best forms of insurance the  
traveler can buy.

For seven years every car  
built by the Pullman Company  
for its service has been of steel.

During this period a large  
proportion of the older, but  
still modern cars, have also  
been rebuilt to almost equal  
strength.

This has been accomplished  
by rebuilding with steel under  
frames, steel vestibules and  
steel sheathing on the sides.
